

# REVOLVE magazine image size guidelines

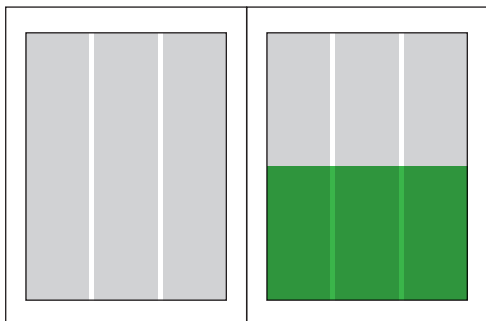

## Full spread

Min. width: 4000 px  
Min. height: 2650 px

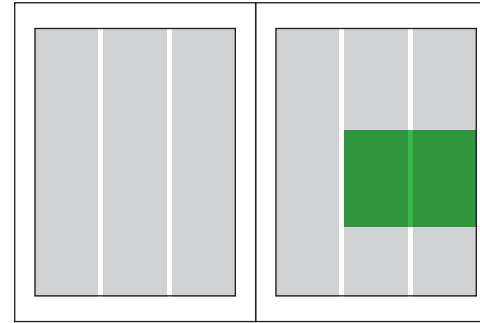

## Full page

Min. width: 2000 px  
Min. height: 2650 px

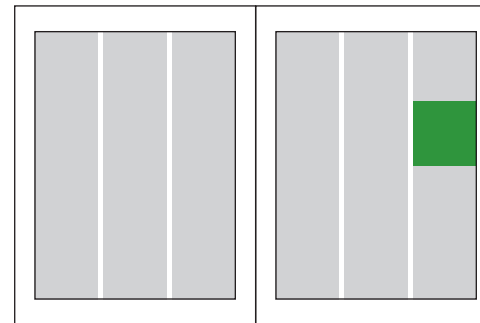

## 3 columns

Min. width: 1650 px

## 2 columns

Min. width: 1100 px

## 1 column

Min. width: 550 px

Please keep in mind that the dimensions above are the strict minimums. Larger dimensions are always preferable, as they provide more opportunities and choices for the design of the layout.

Be also aware that image quality is not always tied to image size. For example, large images might only be usable in small sizes if they are strongly compressed or if the photographs are not in focus.
